

## Ranking for Golfers with Disability

The R4GD ranking system allows players to receive points based on their performance in every counting round and to receive additional points for finishing in the top places depending on the Tournament Rating (strength of the field). The ranking is based on a rolling 104 weeks cycle of results and we are working with golf's leading authorities to ensure a fair system is implemented.

The Ranking for Golfers with Disability (R4GD), has three divisions and is open to events approved by National Governing Bodies (NGBs) for players who have an R4GD pass that meet the Definitions of Impairment. The R4GD will effectively compare players from around the world who may never directly compete against one another.

<b>Divisions</b>	<ol style="list-style-type: none"><li>1. Strokeplay gross for golf handicaps up to 18.4</li><li>2. Strokeplay nett for the same golf handicaps</li><li>3. Stableford for golf handicaps from 18.5 up to 54</li></ol>
<b>RSS</b>	Ranking Standard Scratch is the average of the best three scores to the nearest full number
<b>Maximum</b>	The maximum award in strokeplay divisions will be calculated by adding 18 to the RSS
<b>Minimum</b>	The minimum award in the stableford division will be calculated by subtracting 18 from the RSS
<b>Divisor</b>	The number of rounds that a player starts will accrue throughout the period. The minimum number of divisor rounds for accumulated annual points is 6
<b>Round Points</b>	<p>Players will earn round points in stroke play divisions by subtracting their score from the maximum value for each round of the event.</p> <p>Players will earn round points in the stableford division by subtracting the minimum value from their score for each round of the event.</p>
<b>Tournament Rating</b>	The Tournament Rating is determined by the strength of the field. Tournaments are rated separately for gross, nett and stableford divisions. There are nine Tournament Rating categories from A-H & Unrated. The Tournament Rating category is determined by the total number of points which the leading 20 R4GD Ranked Players in the field attract. These players contribute Rating Points as per the R4GD Ranked Players table below. See Example 1.
<b>Tournament Bonus Points</b>	Tournament Bonus Points are awarded to the leading players, by result, in relation to the Tournament Rating.

## R4GD Ranked Players

1 - 5	6 - 10	11 - 15	16 - 20	21 - 30	31 - 40
90 points	85 points	80 points	75 points	70 points	65 points
41 - 50	51 - 60	61 - 80	81 - 100	101 - 130	131 - 160
55 points	45 points	35 points	25 points	15 points	10 points
161 - 200	201 - 300	301 - 400	401 - 500	501 - 600	601+
5 points	4 points	3 points	2 points	1 point	0 points

## R4GD Tournament Rating (Max possible points = 1650)

Category A	Category B	Category C	Category D	Category E	Category F
100% - 90%	89% - 80%	79% - 70%	69% - 60%	59% - 55%	54% - 50%
Category G	Category H	Category U			
49% - 45%	44% - 40%	39% or less			

## Awarding Tournament Bonus Points (based on tournament rating)

Category A	Category B	Category C	Category D	Category E	Category F
5 places	4 places	3 places	2 places	1 place	1 place
1 = 1.0%	1 = 1.0%	1 = 1.0%	1 = 1.0%	1 = 1.0%	1 = 0.4%
2 = 0.8%	2 = 0.8%	2 = 0.8%	2 = 0.8%		
3 = 0.6%	3 = 0.6%	3 = 0.6%			
4 = 0.4%	4 = 0.4%				
5 = 0.2%					

## EXAMPLE-1 (how a tournament is rated)

### The Discovery Open

24 R4GD players are in a field of 58 players competing in the 2016 Discovery Open. The 20 players with the highest positions on the R4GD contribute to the Tournament Rating. The following calculation was made to find the Tournament Rating:

TOURNAMENT RATING POINTS (TRP)				
RGD Position	TRP	Entries	Top 20	Total TRP
1 - 5	90	2	2	180
6 - 10	85	2	2	170
11 - 15	80	2	2	160
16 - 20	75	4	4	300
21 - 30	70	4	4	280
31 - 40	65	3	3	195
41 - 50	55	0	0	0
51 - 60	45	5	3	135
			20	1420
61 - 80	35	4		0
81 - 100	25	6		0
101 - 130	15	5		0
131 - 160	10	7		0
161 - 200	5	5		0
201 - 300	4	9		0
301 - 400	3			0
401 - 500	2			0
501 - 600	1			0

The entries of players from the R4GD bring the Discovery Open a total of 1420 points. This value of points is 86% of the maximum possible total of 1650, and so puts the Discovery Open in category B of the Tournament Rating table. This means that the four leading players at the end of the tournament will receive Tournament Bonus Points.

A similar calculation was made for the stableford division, by calculating the relative strength of the field by allocating R4GD points to each of the top 20 players. The Discovery Open has a category E Tournament Rating.

## EXAMPLE-2 (how a leading player earns points)

Assuming that Zac Franks completes his two rounds in the Discovery Open (category B) tournament that attracted 1,420 points. With two gross scores of 81, 81, with net scores of 76, 76, Zac wins the gross division and finished in 3rd place in the nett division his points earned are calculated as follows:

Points Earned		Gross Points			Nett Points		
Zac Franks		Round-1	Round-2	Totals	Round-1	Round-2	Totals
Maximum		100	99		92	91	
Score		-81	-81		-76	-76	
Points Earned		19	18	37.0	16	15	31.0
Tournament Bonus				14.2			8.5
Sub Total				51.2			39.5
Divisor (rounds)				2.0			2.0
Points Total				25.6			19.75

As the gross RSS for both rounds was 82 and 81, the maximum scores were set at 100 and 99 respectively (by adding 18). The nett RSS for both rounds was 74 and 73 so the maximum available nett score was set at 92 and 91 respectively. In order to calculate the average points earned, the total points are then divided by the number of rounds started (divisor).

NB: When points earned are accumulated for the annual ranking tables a minimum divisor of 6 will apply.

## EXAMPLE-3

In the stableford division David Filipe completed his two rounds with stableford scores of 29 and 33, in a category E tournament that attracted 930 points. As David won the division, his ranking points are calculated as follows:

Points Earned		Stableford Points		
David Filipe		Round-1	Round-2	Totals
Score		29	33	
Minimum Points		-11	-12	
Points Earned		18	21	39.0
Tournament Bonus				9.3
Sub Total				48.3
Divisor (rounds)				2.0
Points Total				24.15

As the stableford RSS for both rounds was 29 and 30, the minimum scores were set at 11 and 12 respectively (by subtracting 18).

In order to calculate average points earned for the tournament, the total points are divided by the number of rounds started (divisor) which is 2 and gives David a total of 24.15 points.

NB: When points earned are accumulated for the annual ranking tables a minimum divisor of 6 will apply.

If you should have any questions about Ranking for Golfers with Disability (R4GD), then please view the latest information in the Order of Merit / Ranking section on the EDGA website at [www.edgagolf.com](http://www.edgagolf.com) or contact the Secretary at [mail@edgagolf.com](mailto:mail@edgagolf.com)
