F2	<i>Recommended prize categories are: men's stroke play - gross, men's stroke play - net, men's stableford, women's stroke play - gross, women's stroke play - net, women's stableford, wheelchair, neuro developmental, and sensory. There should be a minimum of one prize for each category for the first eight players, and a position prize added for every additional eight players thereafter.</i>
F3	<i>Golfbox is a virtual tournament assistant and can make many tasks very easy to follow. EDGA has paid the licence for all EDGA National Federation members to be able to run their events on this platform. Golfbox helps the communication stream between the organiser and the WR4GD Ranking and we are able to assist in many ways. We can easily see the players who have inscribed and so can assist with PR and social media if entries are low, we are able to pre-check eligibility, buggy indications, handicap, medical reviews and assist with communication. With the results calculated in Golfbox, players Ranking points are awarded very quickly and the overall Ranking is updated much more easily.</i>
